Implemented process improvements and cost savings initiatives.

Mission Statement

My goal is to build on the accomplishments of current and prior Board members that have resulted in the success of our highly desirable community. In my career, I have always worked in a transparent manner and will seek to build consensus that confirms that all actions of the Board are in the best interests of all residents. This will include seeking out and welcoming consideration of all ideas to maintain and improve both the quality of life and desirability and market value of our community.
