

**On Monday, November 5<sup>th</sup>, water main work will begin in the back gate area. The work will run from the construction entrance where it will tie into the main in Morningstar Road. Our water will not be turned off for this work.**

**Traffic cones will be set up from the Rte 70 ramp going towards our back gates, and Wall Township Police may be on site for traffic control.**

**Our gates will not be blocked, however, you may want to consider exiting and entering the community from the front gate to avoid any delay because of the construction.**
