Four Seasons Community Activities - Board President - 2018-2019; Four Seasons Board of Trustees - October 2014-September 2019; Assistant Treasurer- 2014-2018.

As Board President I worked to implement cost saving and sustainable energy initiatives for Four Seasons; Opened and maintained continuous dialogue with Wall Township Mayor and Administrators to get our community the best possible results for the development of the back gate areas that had been negotiated in 1994-1995; Scheduled an informal meet & greet for residents to chat with board members and provided the detailed builder/township specifications of what was actually being developed in back gate area.

2014 – 2019 As a Board Member introduced a successful community website; installed a surveillance system in Clubhouse to protect our property, and published a Surveillance policy, protecting the privacy of residents; addressed the contractual default of the former landscaping contractor and worked to bring on a new landscaper; brought up-to-date and added an additional Defibrillator unit for our Clubhouse and pool areas; pushed for the replanting of our perimeter trees and continually enhanced appearance of our community through aggressive cleaning and maintenance; fenced in the contractor's yard; replaced broken and missing wooden rail fencing with low maintenance vinyl fencing; 44 sidewalk sections were replaced as a safety initiative;

Volunteer Activities – I am a resident of Four Seasons since 2012. I am a member of the Finance Committee; the Women's Club (also on their scholarship committee); Events Planning Committee; the Fitness club; and the Power Walkers. I also volunteer my time, energy, and enthusiasm to assist the various clubs in initiatives and undertakings.

How I will serve the Residents of Four Seasons – As a Trustee I bring extensive familiarity with our governance documents. I am part of this community and a go-getter who does not hesitate to tackle issues, ask difficult questions, and work to resolve problems. I am a well-organized team player. I believe being approachable to all and being out and about in our community is the best way to know what our residents want and care about. We expect a certain lifestyle and my intent is to work non-stop to assure our expectations are met.
