Skills/Knowledge/Accomplishments

Strong business background including financial and managerial skills. Successfully worked with many functional areas, in addition to core area of Finance. Collaborated well with co-workers at all levels. Successful in negotiations and implementation of process improvements and cost savings initiatives.

Mission Statement

My goal is to build on the accomplishments achieved during the completion of my first 2 years of service on the Board. I will continue to work in a transparent manner and will seek to build consensus that confirms that all actions of the Board are in the best interests of all residents. This will include seeking out and welcoming consideration of all ideas to maintain and improve both the quality of life, desirability and market value of our community.
